Expenses

Personnel Expense

- Standard Pay Raise – The 3% stipend that was given to employees in July 2022, we recommend making this permanent by increasing employee base pay by at least 3%. This change will be in effect starting the first full pay period in July 2023. Also, we recommend we give a 3% stipend to employees that may become permanent if FY2024 operations result in an operating surplus to support stipend amount. The budget for this stipend can be found in account 231-5103 General Government - Incentive Pay. In summary, in July 2023, employees will receive at a minimum a 3% base pay increase and a 3% stipend.
